SETTING THE INDUSTRY STANDARD

Airtight Solutions is one of the largest specialist air pollution control companies operating in Australia and New Zealand. We have extensive experience with a verifiable track record of successful applications. This strong reputation is built upon decades of supplying well-engineered systems.

Airtight Solutions is a part of the greater Vortex Engineering Group, which includes several established business units, all serving a similar industry vertical, from metal fabrication through to utility level engineering firms.

Airtight Pty Ltd is a privately owned company where our goal is to maximise returns from our operations to deliver value to our clients and partners.

THE AIRTIGHT DIFFERENCE

What sets Airtight apart is that we can use the experience and know-how of our engineering division, and the broader group, to deliver quality designs and solutions customised to the clients' needs, all at an unrivalled cost to value point.

OUR BRAND

Airtight is synonymous with quality design, application and a strong value proposition. Our company culture is one of integrity and respect for these values and principles and we take pride in continuously providing the best performing solutions in the industry.

WHY PARTNER WITH AIRTIGHT?

At Airtight we strive for Shared Success. This is achieved by developing high performing teams that are aligned with our vision and values.

Shared success is dependent upon strong professional relationships and having genuine conversations.

We know that if we succeed, then all our valued clients and partners also succeed. This integrated approach begins with our people and the belief that together we can develop trusting relationships with all stakeholders to achieve long term mutual success.
